

GROW BEYOND
CODE.

Beyond Commit

Program Overview

Why Beyond Commit?

You want to grow, but where do you start?

As a developer, you learn a lot on the job, but what if you get stuck? You know a lot, but sometimes feel doubt. You want to get better at reviews, code quality, and collaboration, but you're missing structure or direction.

Do you recognize this?

- You feel uncertainty while writing code
- You want to give feedback without doubting yourself
- You're looking for direction in your skills and have the ambition to grow
- You don't want yet another Udemy course: you're looking for something personal

👉 Then **Beyond Commit** is just what you need.

What does it include?

Group coaching. Practical. Goal-oriented.

No standard course, no overload of theory.
You have a goal, I guide you towards it.

What we can do:

- ✓ Live PR review & story refinement
- ✓ Review templates and learning to give feedback safely
- ✓ Finding direction in your specialization
- ✓ Learn project ownership & outcomes
- ✓ Tackling imposter syndrome
- ✓ Energy management plan (anti-burnout)
